PROFESSIONAL SUMMARY

Frontend Developer building responsive, high-quality web applications with React, Next.js, TypeScript, JavaScript, and Tailwind CSS. Experienced in translating ideas into functional interfaces, reusable components, API integrations, and reliable user experiences across desktop and mobile.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React, responsive web design

Application development: REST API integration, state management, form handling, debugging, error handling

Frameworks & styling: Next.js, Tailwind CSS, component-based architecture

Tools: Git, GitHub, npm, Vite, VS Code, Vercel, Local Storage API

SELECTED PROJECTS

Thundey Track - Job Application Tracker

React | Tailwind CSS | REST API

- Responsive dashboard with application status tracking and mobile navigation.
- Implemented CRUD workflows, search and status filtering, loading/error states, and reusable components.

Live: thundey-tracker.vercel.app | GitHub: github.com/aliumuhammad2000-dev/thundey-tracker

Thundey GitHub Explorer

React | Tailwind CSS | JavaScript | REST API

- React application for discovering GitHub developers and repositories through the GitHub REST API.
- Built the search-focused interface for exploring profiles, repositories, and open-source work.

Live: thundey-github-explorer.vercel.app | GitHub: github.com/aliumuhammad2000-dev/Thundey-github-explorer

Online Bookstore

React | Tailwind CSS | JavaScript

- Responsive storefront for browsing books, viewing product details, and managing a shopping cart.
- Used reusable UI components and responsive layouts to keep browsing and cart interactions clear.

Live: online-bookstore-cyan-two.vercel.app | GitHub: github.com/aliumuhammad2000-dev/online-bookstore

Thundey Store

HTML5 | CSS3 | JavaScript

- E-commerce interface for exploring products through a clean, responsive storefront experience.
- Implemented product-focused layouts, responsive navigation, and reusable storefront sections.

Live: thundeystore.netlify.app | GitHub: github.com/aliumuhammad2000-dev/my-store

PROJECT-BASED EXPERIENCE

Frontend Developer - Independent Project Work | Built and deployed practical web applications that demonstrate responsive UI development, API integration, component reuse, and frontend debugging. Maintained project repositories and deployed live demos through GitHub and Vercel/Netlify.

EDUCATION

Bachelor of Science (B.Sc.), Physics (Electronics) - Federal University of Technology, Minna, Niger State | 2024

ADDITIONAL

Certifications: Responsive Web Design | JavaScript Fundamentals | React Development | Git & GitHub Version Control
